

LEGAL GO!

Inspired by the Pokémon Go phenomenon, Legal Go is augmented reality legal education game that makes learning about the legal system fun and interactive. As you wander the city you can complete missions that will help you build skills in empathy, understanding the legal process, finding legal and community services, and resources.*

TEAM MEMBERS

Ramona Sartipi
3rd year Computer Science
Lassonde

Ajay Sharma
3rd year Law and Society
York University

Jessica Jahn
4th year Criminal Justice
University of the Fraser Valley

Joanne Harabas
3rd year Mental Health
University of Toronto

01. Login Screen

Login, sign up, or connect through Facebook.

02. Character Selection

Choose a character you'd like to start with.

03. Character Style

Style your characters overall look.

04. Welcome Screen

Meet Maria, your guide throughout the game.

05. Introduction

Maria Introduces you to the concept of the game.

06. Mission Offer

A mission offer to gain more empathy points.

07. Map Screen

Visit new places, as your character navigates through the world on your local map.

08. Missions Menu

Missions are sectioned into 5 steps, with each location listed below.

09. Process of Court

Upon visiting the small claims court, you are given a background story and a process list.

10. Small Claims Court

A visual of your character entering or leaving a small claims court.

11. Map Screen

Your character has completed the readings for the small claims court, and may navigate elsewhere.

12. Stats Screen

View your characters stat levels. After completing the mission, you've gained more empathy points.
